SUBJECT: **GROUP HOME PROGRAM MONITORING REPORT – JUNIOR BLIND
OF AMERICA, LOS ANGELES GROUP HOME**

We have completed a review of Junior Blind of America, Los Angeles Group Home (Group Home or Agency) operated by Junior Blind of America, Incorporated. The Group Home contracts with the Department of Children and Family Services (DCFS) and the Probation Department (Probation).

Junior Blind of America, Los Angeles Group Home is a 40-bed facility, which provides care for girls and boys ages 6-17 years who exhibit behavioral, social, and emotional difficulties. At the time of the monitoring visit, Junior Blind of America, Los Angeles Group Home was providing services for ten DCFS children, ten privately placed children, five Alameda County children, two Orange County children, two Sacramento County children, two San Bernardino County children, two San Diego County children, one Riverside County child, one Butte County child, one Kern County child, one Modesto County child, one San Gabriel County child, and one Tri-County child.

Junior Blind of America, Los Angeles Group Home is located in the Second District.

Scope of Review

The purpose of the review is to determine whether the Agency is providing the services as outlined in their Program Statement. Additionally, the review covers basic child safety and licensing issues, and includes an evaluation of the Agency's Program

"To Enrich Lives Through Effective and Caring Service"

Statement, internal policies and procedures, child case records, a facility inspection, observation, and interviews with children placed in the Group Home at the time of the review. One child is non-verbal and unable to participate in the interview; therefore, observation of the child and supporting documentation are used to determine the appropriateness of program services provided by the Agency. Interviews with children are designed to obtain their perspectives on the program services provided by the Agency, and to ensure adherence to the Foster Youth Bill of Rights.

Summary of Findings

Generally, the Agency is providing the services as outlined in their Program Statement. The Agency needs to address a few deficient areas.

Junior Blind of America, Los Angeles Group Home needs to ensure that all children are assessed within the first thirty days of placement; maintain current court authorizations, and provide routine evaluations by the prescribing psychiatrist for all children taking psychotropic medication; and provide all children with adequate personal care items.

Attached is a detailed report of the review.

Review of Report

We discussed our report with the Agency's management. In response to the recommendations made in the report, the Agency's management completed a corrective action plan (attached) which we approved. We thank the management and staff for their cooperation during our review.

If you have any questions, please contact me, or have your staff contact Mike Pirolo at (626) 293-1110.
